ASSISTED LIVING CARE

EDUCATIONAL BUILDINGS

MEDICAL OFFICES

*MANUFACTURING THE FINEST QUALITY VINYL WINDOWS AND DOORS IN THE WEST*

## PROJECT SUPPORT

Successful commercial projects require more than quality products. They require dependable communication, coordinated logistics, and a manufacturing partner committed to your success.

## SERVICES

### ESTIMATING SUPPORT

Work directly with the manufacturer to help minimize errors, improve communication, and provide project-specific solutions.

### ON-SITE INSTALLATION REVIEW

AAMA-Certified Installation Masters are available to review installations and help ensure industry best practices are followed.

*See your Coeur d'Alene Window representative for complete warranty, service, and project support details.*

### SERVICE AFTER THE SALE

Commercial projects are supported by factory trained service professionals and backed by comprehensive warranty coverage, providing confidence long after installation is complete.

### WATER INTRUSION EVALUATION

Coeur d'Alene Window Company can evaluate project designs for water intrusion resistance prior to shipment, helping identify potential concerns early in the process.

### COORDINATED DELIVERY

Factory-coordinated deliveries help ensure products arrive where and when they're needed to support project schedules.
