CARBON™ SERIES

CARBON

The Coeur d'Alene Window Company is pleased to introduce our new hybrid Dark Cap Stock. Our Carbon Cap Stock is available on our 3000 Series single-hung, sliding, casement, awning and picture windows as well as many combination units. Carbon Dark Cap Stock windows are fully compatible with Carbon factory applied finishes (available on patio doors and double-hung/double slide windows).

HYBRID TECHNOLOGY

- Ten-year warranty
(Please see actual warranty for specifics)
- Integrated with the substrate for superior adhesion
- Fade resistant
- Low heat gain properties.

COLOR MATCHED / COMPLEMENTARY HARDWARE & ACCESSORIES

The Carbon matte-finished Dark Cap Stock from The Coeur d'Alene Window company is complemented with matching screens and hardware. Choose from our contemporary auto-lock, the stylish positive action lock or stay traditional with our attractive camlock. We also offer our auto-lock in nickel for a bold complimentary look.

TECHNOLOGY & INNOVATION

At the Coeur d'Alene Window Company, we are proud that we remain a family owned business. This allows us to stay focused on being the best. We aren't like large impersonal organizations. We serve our customers. We invest back in our business utilizing the latest in welding and cleaning technology to make products like our new Dark Cap Stock possible.

COLORFAST

Coeur d'Alene's Carbon matte-finish Dark Capstock is fade resistant. The product has been tested to ensure that your Carbon finish remains dark for years to come.
